Project Sunshine is a nonprofit organization that provides social, educational and recreational programs to children and families affected by medical challenges. All of Project Sunshine's services are delivered by volunteers who donate their time to help children and families by providing tutoring, arts and crafts and special events. Project Sunshine Canada is currently running programs in four medical facilities in Toronto. Our goal is to continue providing valuable programs to children and families in need at our existing facilities, as well as to explore new partnerships with hospitals throughout the GTA, allowing us to further spread our rays of hope to those facing medical challenges. Charitable Registration Number 83433 0367 RR0001
